RALEIGH, SATURDAY, NOV. 8, 1856.

Presidential Election-The Result. At the time of writing this-Friday 12 M .- our intelligence is by no means full, yet we have enough to justify us in the opinion that Mr. Buchanan has been triumphantly elected by the people. The telegraphic line was down at various points on Wednesday, so that no news was received either here or at Petersburg or Richmond the day after the election. We give below a despatch dated the 5th, and one the 6th-and we expect another before going to

WASHINGTON, Nov. 5. Editors Standard: All the New England States and New York have gone for Fremont. New Jersey, Pennsylvania, and Delaware have gone for Buchanan. The news from Indiana, Kentucky, and Tennessee looks we l. The Democrats have elected twelve members of Congress in New York, and the member of Congress in Delaware.

Buchanan certainly elected. PETERSBURG, Nov. 6. Editors Standard: The indications are that all the New England States and New York have gone

for Fremont. Pennsylvania, New Jersey, Louisiana, Kentucky, Illinois, and Indiana for Buchanan. The returns from Ohio and Wisconsin are favorable.-Maryland has gone for Fillmore. Virginia largely Democratic. Buchanan undoubtedly elected.

Mr. Buchanan has certainly carried the following States: New Jersey, 7 votes, Pennsylvania 27, Indiana 13, Illinois 11, Delaware 3, Virginia 15, North Carolina 10, South-Carolina 8, Georgia 10, Florida 3, Alabama 9, Mississippi 7, Texas 4, Missouri 9, Arkansas 4-making 140 votes. And he has, in all probability, carried California, 4 votes, Louisiana 6, Tennessee 12, and Kentucky 12-making in all 174 votes, being a majority of 52, and 25 more than necessary to elect him. It is possible also that he has carried Ohio and Wisconsin, which would increase his vote to 202.

## LATEST BY TELEGRAPH. BUCHANAN CERTAINLY ELECTED.

The following despatches, received just as we go to press, show that Mr. Buchanan has been elected by the people:

WASHINGTON, Nov. 7, 1856. Editors Standard: Fremont has carried all the Northern States, except Indiana, Illinois, Pennsylvania, and New Jersey. Illinois in doubt. Maryland for Fillmore, and the other Southern States for

Buchanan, except Louisiana and Florida, from which not much has been heard. RICHMOND, Va., Nov. 7, 1856. Editors Standard: Kentucky has gone for Buchanan by ten thousand majority, Tennessee by ten thousand, Indiana by twelve thousand, Louisiana

by fifteen hundred. Illinois has gone for Fremont by ten thousand. Buchanan is certainly elected.

Mr. Buchanan's vote, according to the above, will be about 163, Fremont's 125, and Fillmore's 8.

Wake County. We give below the official vote of Wake County by precincts, compared with the vote in August

The result in Wake is highly gratifying, and very creditable to her indomitable Democracy. It rained and stormed all day, yet we have given Mr. Buchanan the largest majority ever cast for any candidate in the County, and have made a gain over Gov. Bragg's vote in August last of 114 votes. Compared with the vote in August, the Democratic vote has fallen off 221, and the K. N. vote 335-showing a total falling off of 556 votes. The Democrats of the County generally have done well; but those of the Joel Jones, Oak Grove, Eagle Rock, Forestville, Simms', Nat. Jones, and Raleigh precincts deserve special commendation for having increased their vote over that cast in August. A number of persons, formerly Whigs and Know Nothings, voted for Mr. Buchanan. We record this fact with pleasure, and we trust hereafter to have their co-operation in the great cause of the Constitution and the Union. They will never regret their course.

NORTH-CAROLINA ELECTION NEWS. We give below extracts from letters from various Counties, received up to the time of going to press. The Buchanan victory in North Carolina is a signal and glorious one,-his majority cannot, we think, be less than TWELVE THOUSAND, and but for

been twenty thousand.

Rowan County.

SALISBURY, Nov. 5, 1856.

"Enclosed I send you the official vote of this County.—
The county precincts did well for Buchauan, but the vote in town fell off nearly 400 compared with the August election. The creeks around town were so full that many Democrats could not get to the poils. \* \* We have gained 138 votes at two precincts in Stanly County. We have gained in Davie, Cabarrus, Mecklenburg, Davidson and Forsythe."

Alamance.

GRAHAM, Nov. 5, 1856.

"Bragg's majority in Alamance was 271. Notwithstanding the greatly decreased vote, we lack but six votes of sustaining the August majority. This we think is admirable, considering the bad weather. The water courses were so high that many could not get to the polls. A fair day would have increased our majority at least one hundred.'

Orange. A friend, who sends us the gratifying result in Orange, says, "Glory enough for four years!-Orange is all right." True-Orange has done well-a Democratic gain of 88.

A correspondent at Chapel Hill writes us as follows: "All here, who were capable of voting, or of influencing votes, and who took part, were up and doing early in the morning. Notwithstanding the inclemency of the weather, and the bad condition of the roads, there was a full vote polled-much larger than that in August. Mr. Buchanan received a much larger vote than any Democrat ever got here, and the Whig majority has been reduced from 87 to 43, being a Democratic gain of 44 votes .-The young Democrats here got up a procession of about two hundred of the admirers of Mr. Buchanan. The stars and stripes, borne by a gallant Mississippian, floated at the head of the column. But for the College rules, preventing political speeches at the University by the young men, we should have had a number of addresses. If the Democrats elsewhere have done as well as they have here, the State is safe for Buck and Breck by a large majority."

Forsythe. A friend, sending us the vote of Forsyth, says: 'Know Nothingism sickened here when Gov. Reid spoke on Friday, and on yesterday it died." Forsyth has done nobly-a clear gain of 117 votes.

Mecklenburg County.
Below we publish the official vote of Mecklenburg County. It will be observed that the Democrats have gained 57 votes since the Governor's election. The day was rainy and very inclement, but for which fact, no doubt, Buchanan's majority would have been greater. But we are perfectly satisfied with a majority of 458. Well done old Mecklenburg! Aug. 1856.

Davidson. "Gilmer's maj. in Davidson, says a correspondent, was 376-Fillmore's is 330; showing a gain of 46 votes for Buchanan." Where, oh where is Gen. J. M. Leach? Is this the way "Americans" are to "rule America?" We congratulate the General; and yet we suppose that Mr. Rayner, who was up that way speaking for "Sam," aided the General

somewhat in gaining this loss. Warren. WARRENTON, Nov. 5, 1856. "I send you the state of the polls in this County on yesterday. Notwithstanding the inclemency of the day, the Democrats and anti-Know Nothings have covered themselves with glory. But for the rain our majority would

"I send you the official vote of Edgecombe, as follows: Buchanan 1581, Fillmore 151. Increase over the vote of August, 56. Well done for Edgecombe. If the other Counties have done as well, what a glorious majority we shall roll up for Buchanan. Reports from Pitt give us between two and three hundred majority."

Burke. MORGANTON, Nov. 4, 1856. "Wind, rain and high waters beyond what I have witnessed for years, preventing many from getting to the polls. The vote in Morganton is small, and only 28 majority for the K. N's. In August their majority was 70. I think we have carried Burke by a small majority."

Johnston, SMITHFIELD, Nov. 5, 1856. "Old Johnston does better at each election. The major ity for Buchanan is far above my calculations. The K. N's here are buried deep in their culverts. The vote is, Bu-chanan 958, Fillmore 619—maj. 339, and a gain of 120."

N. C. Baptist State Convention.

This body convened in the Baptist Church in this City on Wednesday last, and the delegates were called to order and welcomed by the President of the last Convention, Elder Jas. McDaniel. Elder Solomon acted as Secretary.

The time was occupied in preliminary arrangements, and the Convention adjourned to meet in the State Capitol at half past 9 on Thursday morning. At night, the introductory sermon was preached

by Elder J. B. Solomon. On Thursday, the Convention met in the Capitol. Elder J. McDaniel was elected President, and Elder J. B. Solomon, Secretary. The annual report of the Board of Managers was read, and the usual committees appointed.

Elders Repiton and Tobey brought to the attention of the Convention the subject of a Theological Seminary for the Baptists of the South and Southwest. A Convention in reference to this matter i to be held in Louisville, Ky., in May next, in connection with the meeting of the Southern Baptist Biennial Convention. The delegates to this Convention were appointed and instructed to represent the N. C. Convention in each of these meetings .-These are Elders Bradford, Thorn, Mitchell, Pritchard, Hooper, McDaniel, Skinner, Cansler, Jordan, Tobey, James, Dobson, Wingate, T. H. Prichard, Solomon, Wheeler, and Repiton.

Among the visitors from other States we may mention Elder T. C. Teasdale, D. D. of Washington City; Elder E. Kingsford, D. D. of Alexandria; and Elder A. M. Poindexter, of Richmond, Va.

MITCHELL'S DISSECTED MAPS .- Our thanks to Mr. Turner, of this City, for one of Mitchell's "Dissected Maps" of the Southern States. But what, you will ask, is a "Dissected Map?" It is a map on pasteboard, cut up into various pieces; and the child is amused, and its ingenuity excited, by putting the pieces together. These maps combine instruction with amusement, and will no doubt be very acceptable to children. The plan is spoken of most approvingly by many of the public journals.

THE SPLENDID RESULT OF YESTERDAY .- The Democracy of Richmond have covered themselves with new and more brilliant laurels than ever. In a vote, which is only seventy-six less than the vote of last year, the Democrats have increased their vote 311. and have cut down the Know-l othing majority of 978 to the small pittance of 284. In every Ward the Democracy have done their whole duty. In Jefferson Ward the Democracy, for a large portion of the day, kept ahead, and, at the close of the polls, the Democracy were only beaten eleven votes.

From every portion of the State, that we hear from, the Democracy have gained largely. Our office, until a very late hour last night, was crowded with the exultant Democracy. Rich. Enq.

Gov. WILLARD.-When the Know Nothing rowdies tried to shot down Governor Willard at Lexington, Kentucky, on Wednesday last, the Governor said he could excuse them all; they were only mad with him because he beat an Abolitonists. This reproof, taken in connection with the recommendation of Prentice to the Fillmore men of Indiana to vote for Morton, must have been a very cutting one to all honorable members of the American party. The idea of insulting, in Kentucky, the man who in Indiana beat the fanatic who uttered that famous incendary declation, "that he would rather see the Ohio River flow with blood than that one fugitive slave should be returned!" what can be the matter with Kentukey and Kentuckians, "that such things Cincinnati Enquier.

Dr. Thomas H. Davis.—This indefatigable and indomitable friend of Democracy deserves the lasting gratitude of his colaborers in the great cause of the Constitution and the Union for the liberal and praise worthy manner to which he expended his time and labor in getting up and providing for the splendid arrangements on the 31st at Ransom's Bridge. We learn that he spared no pains or expense in preparing for the festival on that occasion .- The beautiful pageant which added so much to the appearance of the delegation from Franklin, we mean the symbols, the Buck, the Cannon, the Carriage, &c., was due to his individual enterprize and public spirit. The truth is, we have known the Doctor for a long period-some thirty years-and we can bear testimony to his undying devotion to the case of Democracy through good report and through evil report, throughout his life. He was invariably stood firm and faithful, amid all the changes of the times. May he long live to enjoy the triumph of his political principles and to diffuse the rich lustre of his example to his countrymen! War. News.

FACTS FOR THE CURIOUS .- The moon, when at full, reflects upon the earth only about one three-thousandth part of the light of the sun; and the lunar rays, even concentrated by a powerful lens, and focus directed upon the bulb of a delicate thermometer, do not affect it in the slightest degree; hence the phrase "the pale cold moon," is not only poetically beautiful, but philosophically correct.

The volume of bulk of carbonic acid gas expired by a healthy adult in twenty-four hours is said to amount to 15,000 cubic inches, containing about six ounces of solid carbon. This is at the rate of 137 pounds avoirdupois per annum; and taking the total population of the globe at seven hundred and sixty millions, the amount of solid carbon or charcoal every year produced by the combustion of fires and gas lights, by the decay of animal and vegetable matter, the exhalations from springs, &c., there need be no marvel as to the source whence plants drive their solid or woody material, (which is principally carbon,) seeing that their leaves are specially fitted Boston, Nov. 4.—Boston gives Fremont 2,100 for the absorption of carbonic acid gas from the sur-

ELECTION RIOTS IN BALTIMORE.—It is hardly news to any of readers, that the city was disturbed by the most disgraceful riots during the whole of yesterday. In some part or another from the time the polls opened until they closed, disorder and riot prevailed more or less, and fire arms of every description were freely used. It is equally certain that fraudulent voting was practised almost without restraint and scarcely disguised, while great numbers were deprived of their franchise, either by force and violence at the polls, or intimidation from the reports current of what was going on. The history of the day was a lamentable commentary upon the assumption of the Mayor that he had adopted sufficient measures for the preservation of the peace. -On the countrary authority seemed powerless; disorder soon grew into riot, and riot culminated in bloodshed and slaughter. There was a notorious insufficiency to do any effective thing for the maintenance of order or for the protection of citizens in the exercise of their rights. One person was killed and some fifty others were Baltimore Sun of Nov. 5th.

KENNETH RAYNER AND JOHN M. BOTTS.-It was well and truly said by a distinguished orator, some weeks ago, that if there were no enemies of the Constitution in the South, there would be few enemies of the Constitution in the North, or else that the latter would be hopelessly and utterly without power. So long as the South is not a united South : so long as there are men in the South who assist to push forward the schemes of sectionalism in the North, so long will there be abolitionists and disunionists in the free States. The course of Kenneth Rayner and John M. Botts proves the justice of these assertions. Both of these gentlemen are now endeavoring to seduce Northern men to vote for John C. Fremont in preference to James Buchanan: but we beg our readers to remember that the one is as weak and contemptible, so far as political influence goes in North Carolina, as is the other in Virginia. Philadelphia Pennsylvanian.

WONDERFUL EFFECT OF THE SPEECHES OF THE BLUE BLACK REPUBLICANS," JOHN MINOR BOTTS AND HENRY WINTER DAVIS .- In 1855 the Know-Nothings carried Richmond City by 968 majority. Yesterday the Fillmore majority was only 284—being a Democratic gain of six hundred and ninety-four!

Mr. Wise received, last year, only 1,166. The Democratic vote yesterday was 1,475—an increase of the Democratic vote of three hundred and nine! We understand, also, that several of the Fillmore voters could not stomach Botts, and struck off the name of Elector Botts? Had Mr. Botts made another speech, or written another letter, the Democracy would have carried this "Gibraltar." As it is, it is a perfect Pyrrhus victory for the Know-Nothings, always so jubilant before an election. Where is the thousand majority claimed by the Whig? Where the 1,200 majority claimed by the Fillmore orators the night before the election? Rich. Enq.
